

# AI for Grant Writing

## *Practical Tools for Community Organisations*

*Facilitated by Amy at Anywhere Creative*

A practical, hands-on workshop designed to help community organisations strengthen their grant writing using AI. Suitable for beginners and experienced AI users.

### What we'll cover

- Introduction to AI and how it supports grant writing
- Using AI to identify grant opportunities
- Drafting needs statements, objectives, and project descriptions
- Refining language to meet word and character limits
- Strengthening evidence and tailoring applications
- Ethical considerations: privacy, bias, accuracy, and responsible use

**Date:** Thursday 21<sup>st</sup> May 2026
